

Ergo has been a socially responsible corporate right from the inception and consequently is committed to design Eco-friendly products, through environmentally sustainable processes, to reduce carbon footprint and to ultimately reduce the detrimental environmental impacts.

Ergo continues to demonstrate its dedication to environmental sustainability through its material choices, product designs and efficient manufacturing processes.

**LEED (Leadership in Energy and Environmental)**

The LEED India Green Building rating system is a voluntary, consensus – based, market-driven building rating system based on existing proven technology.

**Since LEED is a holistic building rating system and sustainable design guideline, there is no such thing as LEED-certified products — only ways of using and applying products to support the criteria need to be demonstrated.**

**Ergo’s contribution to LEED credits:**

Ergo can provide necessary help and details for the impact on all the LEED credits applicable for a workstation system supplier as per the table given below.

| LEED Clause          | LEED Credit Titles                           | Applicability          |
|----------------------|--|------------------------|
| MR Credit 2.1<br>2.2 | Construction waste Management                | LEED - NC<br>LEED - CI |
| MR Credit 3.1<br>3.2 | Material Reuse                               | LEED - NC              |
| MR Credit 3.3        | Resource reuse - (Furniture and Furnishings) | LEED - CI              |
| MR Credit 4.1<br>4.2 | Recycled Content                             | LEED - NC<br>LEED - CI |
| MR Credit 5.1<br>5.2 | Regional Materials                           | LEED - NC<br>LEED - CI |
| MR Credit 6          | Rapidly Renewable materials                  | LEED - NC<br>LEED - CI |
| MR Credit 7          | Certified Wood                               | LEED - NC<br>LEED - CI |
| EQ Credit 3.2        | Construction IAQ Management Plan             | LEED - CI              |
| EQ Credit 4.4        | Low Emitting Materials                       | LEED - NC              |
| EQ Credit 4.5        | Low Emitting Furniture                       | LEED - CI              |
